UNTIE THE KNOT! . . .

2016

Once again in this seminar we look upon the participants issues on the background of historical or actual conflicts among peoples and religions in the south Balkans.

Everyone is unconsciously entangled in collective fate, particularly the history of the people to which he belongs. Even when we consciously dissociate ourselves from the political or religious conflicts of the past, unconsciously we remain bound in their spiritual fields.

What kind of solutions can systemic or spiritual constellations offer, according to Bert Hellinger? Generally, as a representative in a constellation we experience the perspective of the other, the perceived antagonist. While our conscience binds us to our groups and their perspective, with spiritual constellations we elevate onto a different level. Here, above all differences and particular viewpoints, we experience ourselves as equals: Created, moved and loved equally by the same Spirit-Mind.

In this first place, this international seminar is dedicated to people from the countries in the south Balkans, from the Adria to the Bosphorus. Practical experience with constellation work is no precondition. Everyone interested in this approach is welcome.

SEMINAR FEE is 100€. You can pay on the spot at the seminar.
